## DIRECTIONS AND EXPLANATIONS.

This book contains—

First.—A RECORD OF ADMISSIONS AND DISCHARGES.

Second.—A REGISTER, for noting Attendance, Absence, Tardiness, Scholarship, and Deportment.

Third.—A DIARY, for entering the attendance, number belonging, &c., each forenoon and afternoon, through the month, for convenience in obtaining and recording the Monthly Averages, &c.; also a blank for recording the Teacher's Time, and a Record for Visitors.

*All entries in this Book should be made with ink, and in a plain handwriting; also with neatness and care, for preservation.*

### TO KEEP THE RECORD OF ADMISSIONS AND DISCHARGES:

Enter each Pupil's name as received, with the other items of information called for at the heads of the several columns.

 At the first opening of a School this Record should be written on a loose sheet of paper, and after the membership of the School has become in a degree settled copy the names, &c., into the book.

### TO KEEP THE REGISTER:

1. Fill the blanks in the line at the top of the page, with the proper designation of the School, as "Primary," "Secondary," or "Grammar," as the case may be; then the number of the School, if it has one; the month and year; and the Teacher's name.

2. In the blank space immediately under the days of the week, write the days of the month.

3. In the first column number the Pupils as they are enrolled. (After the first month they should be enrolled in the order of their "relative standing.") In the second column place the Pupils' names; in the third their ages in years.

4. *Marks relating to attendance* should be made in the *lower* part of the space for the day. For absence in the forenoon, write *a* in the *left-hand* corner; for absence in the afternoon, write *a* in the *right-hand* corner; if the absence is caused by sickness, place a dot over the *a*. For tardiness, write *t*; and for dismissal, before the duties of the session are completed, write *d*—at the left for morning, at the right for afternoon. A blank in the lower part of the space will denote full attendance.

5. When a new Pupil is entered, mark "*E.*" in the space for that day; if suspended, write *S*; if restored, *R.*; if expelled, "*Ex.*"

6. In estimating the "merits" of each Scholar, full attendance will count 4; absence half a day, deducts 2; tardiness, deducts 1; dismissal before the completion of duties, deducts 1.

7. *Marks relating to scholarship* will be placed in the *upper left-hand* corner of the space. Perfect recitations in all the branches studied by the Pupil will count 4 merits for each day. Failures or defects will reduce the amount to 3, 2, 1, or 0, according to their nature.  In estimating scholarship, the Teacher should always regard the *efforts* or *endeavors* of the Pupil, as well as actual *attainments*.)

8. *Marks relating to deportment* will be placed in the *upper right-hand* corner. Faultless behavior will count 4 merits for each day. Faulty conduct will be graduated as 3, 2, 1, or 0, according to its nature. Tardiness more than fifteen minutes, without good excuse, deducts 2. Serious misconduct may be noted as —1, —2, &c., according to its aggravation; such *demerits* being subtracted from the sum of merits for the month.

 Either small figures or dots may be used in noting scholarship and deportment.

9. At the end of the month the merits for "attendance," "scholarship," and "deportment" will be severally summed up (demerits being subtracted, if any) and placed each in the appropriate column, under "summary." For a month of 20 school days, the highest number attainable under each head will be 80; total, 240. For a shorter month it will be less. The Pupil who has the highest number of credits will rank as No. 1 for the next month, and be so noted in the column of "relative standing;" the next highest, No. 2, and so on. Should two or more obtain the same number, rank them in alphabetical order. It will be well, if practicable, that the Pupils should sit in the school-room in the order of their relative standing for the month.

10. The highest number attainable for the month should be written at the head of each summary column, to indicate the standard of excellence. With this each Pupil's attainments can then be readily compared.

### TO KEEP THE DIARY:

1. In the first column note the day of the month; in the second the day of the week (Monday, Tuesday, &c.); and in the other columns the numbers admitted, left, &c., each day; the numbers present, absent, and belonging each forenoon and afternoon. This should be done before leaving the school-room each day.

2. At the end of the month add the columns, and write the totals at the foot of each.

3. The sum of presences, both forenoon and afternoon, divided by the number of half days, will give the *average* attendance; and the sum of the numbers belonging, forenoons and afternoons, divided by the number of half days, will give the *average* number belonging.

4. Fill the blanks in the Monthly Summary below, and the record is complete.

5. Note the precise time of the Teacher's arrival and departure from the school-room each day, with the time lost by absence, and the reasons therefor, in the columns provided at the right-hand of the page.

6. In the space at the lower right-hand of the page write the names of all visitors, or request them to do it.
